NOTICE

Due to War Conditions, Shortage of Labor, and a big shortage in all Berry Plants, we cannot give any guarantee on any orders whether future or not to any time limit of shipping date. Old Customers get priority on all orders. New customers surplus if have any.

Washington Raspberry—

The plants are more resistant to winter freezing than Cuthbert; they are fully immune to attack by the Western Yellow Rust disease, which sometimes is serious on Cuthbert, and the mosiac disease spreads more slowly in this variety than in Cuthbert. Considering all of these good points, we think that Washington is a good substitute for the Cuthbert variety under Western Washington conditions.

Terms and Conditions of Sale—

Terms—Cash from unknown customers or those who have not established their credit with us.

For Cash With Order, 5% Discount—

Prices—Prices are F.O.B. Olympia, boxing and packing at cost, and are as low as is consistent with the quality of our stock.

Claims—No claims for errors or discount will be allowed unless made within 10 days after receipt of goods. Less than 50 plants at 10 rate; 50 plants of a variety at 100 rate; 500 at 1000 rate. This cancels all previous quotations.

Shipping Season—Plants can be shipped from here at any time from November to May or later, excepting at times when weather prevents digging for short periods.

Conditions of Sale—We give no warrants, express or implied, as to description, quality, productiveness or any other matter in plants, nursery stock or roots we sell, and will not be in any way responsible for the crop.

There are many contingencies to be encountered in growing plants, such as weather, improper care, and other conditions, over which the seller has no control, so that success is not entirely dependent upon the plants. Therefore no guarantee to grow can be given.

Our plants are grown on our own farm and given the best of care and cultivation; our beds are state inspected, thus insuring your protection against disease and root weevils.

It is mutually agreed between the buyer and ourselves that we will not be liable for a greater amount than the original cost of plants or nursery stock, if at any time any should prove to be not true to name.
